He is Ibn Abdulrahmaan bin Abee Na'ameem and his nick name was Abu Ruwaym. He originated from Asfahaan and was black in color. He was a scholar in the ways of Qira'at and the Arabic language. Imam Naafi' was born in the year 70 Hijara , and died in 169 Hijara in Al-Medinah. He recited to seventy of the taabeen, Abu Ja'far Yazeed Al-Qa'qa' was one of them. He was an Imam of Medinah Munawwarah in recitation after Abu Ja'far. Qaloon and Warsh related their ways of recitation from him. If he talked, the smell of musk would be smelled from his mouth. He was asked, "Do you put on perfume before sitting to read every time?" He said, "No, I don't touch perfume but I saw the Prophet, in a dream and he read into my mouth." From that time that smell was found in his mouth. Imam Naafi' has two raawis, Qaloon and Warsh.
